

# Start-up Procedure

Step 1	Retrieve keys from the small black key safe located in the room ( Code 1927)	
Step 2	Open and remove cover from the launch monitor. Store the cover on left end of the bag stands.	
Step 3	Open computer cabinet.	
Step 4	Retrieve the three remote controls from the shelf in the computer cabinet.	
Step 5	If the launch monitor is not already powered up (green light displayed at top left of the launch monitor) push the power button on the bottom right of the launch monitor (where the blue light is showing on the image on the right).	
Step 6	Switch on the spot light (left button on remote).	

<p>Step 7</p>	<p>Switch on Projector (light on projector will turn green).</p>		
<p>Step 8</p>	<p>Switch on the Amplifier (located in the lower left of the computer cabinet) please point the remote at the amplifier.</p>		
<p>Step 8 (a)</p>	<p>Please make sure the display on the amplifier is TRACKMAN STRAIGHT. If this is dot displayed use the input buttons on the left of the remote control to scroll through the input sources until TRACKMAN appears.</p>		
<p>Step 9</p>	<p>Switch on the computer (located in right side of the computer cabinet).</p>		

<p>Step 10</p>	<p>Wait for the computer to boot up. When ready the screen on the computer cabinet will look like the image on right (the backdrop will change regularly). Touch the screen or press the keyboard return key. When prompted enter <b>2024</b> using the numeric area (right end) of the keyboard.</p>	
<p>Step 10(a)</p>	<p>If the web browser window is displayed after entering the pin number close the window by clicking the 'x' icon at the top right of the screen.</p>	
<p>Step 11</p>	<p>The computer will now auto-load the Trackman Performance Studio software. The software will auto-calibrate between the location of the launch monitor and screen. You will see the image on the right projected onto the screen.</p>	
<p>Step 12</p>	<p>When the calibration is completed (a few seconds) the Trackman Performance Studio home page is displayed, see image on right.</p>	

Congratulations you have successfully powered up the Indoor Golf Studio
